MIDWEST IS BEST

This week's featured farm

Borzynski Brothers
Family Farm

GREEN BEANS

77¢ lb

Joe and Dave Borzynski introduced produce to their family dairy farm while still in high school, selling it out of a pick-up in Milwaukee and Chicago.

55 years later, their family grows a wide range of produce on over **3,000 ACRES** in Wisconsin.

*The % Daily Value (DV) tells you how much a nutrient in a serving of food contributes to a daily diet.

INGREDIENTS: Sugar, corn syrup solids, nonfat dry milk, natural flavor, xanthan gum, monoacylglycerides (emulsifier from soybeans).

You will need:

- 1 ripe medium/large banana (3/4 cup sliced)
- 1 1/4 cups milk
- 8 large ice cubes (1/4 cups)

DIRECTIONS:

Makes 3 (8 fl oz) Servings

- 1 In a blender, add banana, milk, ice and pouch contents.
- 2 Blend on high for 1 minute. Best enjoyed immediately.

SERVING SUGGESTION

Yogurt Smoothie: In a blender, combine 1 banana, 1 cup milk, 1/2 cup vanilla yogurt, pouch contents, and 8 ice cubes. Blend on high for 1 minute.

dem Bambusbesen. Ohne umständliches Aufschlagen mit
und fertig ist die Matcha Latte.

Matcha Magic Caps® Nespresso® compatible

The Nespresso®-compatible Organic Matcha capsule is a revolution. A world first: Organic Matcha capsules from Japan. Shaded green tea, ground to the finest powder without any additives; a 100% pure tea ceremony at the push of a button. The preparation is complete in seconds, resulting in a velvety matcha with a deep green colour and an emerald green, solid foam. Ideal for your home or office, with no need to bother with the bamboo whisk. For a delicious matcha latte, simply add foamed milk.

Other Innovative Products

Did you **KNOW** that?

THEY ARE NOT ALL THE SAME

It is estimated that the earth offers us over 40,000 species of algae. Of these, only every 10th is known. They vary in micro- and macroalgae. Microalgae are very small, while large leaved macroalgae can grow up to 60 meters.

PROTECT THE RESOURCES

Algae needs no fresh water nor any fertiliser, no landfills and no pesticides. It grows 30 times faster than land plants and needs only a few months to get harvest.

AN ALL-ROUNDER

Already in ancient times algae has been used as a food product. But it can do much more. Today it is used in cosmetics and in the pharmaceutical industry, even in house leaches or biofuels you can find the algae.

THE CO₂ REDUCER

Algae absorbs 3 times more carbon dioxide (CO₂) than other plants and acts against the Greenhouse effect.

GOOD GELATINE REPLACEMENT

Algae is perfect for a vegan, kosher and especially for the hair salon.

REAL POWER PACKS

Algae is made up of essential fatty acids and amino acids. They have a high content of iron, vitamin and especially antioxidants.

At Beyond Meat®, we started with simple questions. Why do you need an animal to create meat? Why can't you build meat directly from plants? It turns out you can. So we did. We hope our plant-based meats allow you and your family to eat more, not less, of the traditional dishes you love, while feeling great about the health, sustainability, and animal welfare benefits of plant protein. Together, we can truly bring exciting change to the plate - and beyond.

NON GMO

ZERO CHOLESTEROL

PURE PLANT PROTEIN

NO HORMONES

Beyond Sausage[®]

Beyond Sausage[®] is the missing link that serves up the juicy satisfaction of pork sausage with the added benefits of plant-based meat. By shifting the protein at the centre of the plate to plant-based meat, consumers can positively benefit human health, climate change, resource conservation, and animal welfare. Made from simple plant-based ingredients Beyond Sausage[®] starts with a blend of pea, fava bean, and rice proteins. Wrapped inside a remarkable casing derived from algae, it has 16 g of protein per link, low saturated fat, and no added nitrates or nitrites.

Moving Mountains[®] Bratwurst (Pflanzlich)

Die Moving Mountains[®] Bratwurst ist das neueste revolutionäre pflanzliche Produkt von Moving Mountains[®]. Die Bratwurst enthält ausschließlich natürliche Zutaten wie Pfeffer und Muskatnuss für einen authentischen Geschmack und Aroma. Traditionell wurden Bratwürste gehäckselt und nicht gehackt - die Beschaffenheit der Moving Mountains[®] Bratwurst lehnt sich an diese Tradition an und bietet einen herzhaften, festen Biss. Die ultimative Gaumenfreude nach deutscher Art, die noch dazu rein pflanzlich ist.

Moving Mountains[®] Bratwurst (Plant Based)

The Moving Mountains[®] Bratwurst is the newest revolutionary plant-based product from Moving Mountains[®]. The Bratwurst contains all natural ingredients including pepper and nutmeg for an authentic flavour and aroma. Traditionally, Bratwürste are chopped and not minced - the structure of the Moving Mountains[®] Bratwurst reflects this tradition - creating a nice firm bite. This bite is further emphasized with the mind-blowing plant-based skin, which has the perfect "knack" when broken or bitten into. This is the ultimate German treat that happens to be made from plants.

PLANTY-OF-BURGER 100% ohne Fleisch

Unser PLANTY-OF-BURGER ist ein echter Burger, aber zu 100% pflanzlichen Ursprungs! Er schmeckt nicht nur, wie ein guter Burger schmecken muss! Er sieht auch aus wie ein perfekt gegrillter Burger! Das Premiumprodukt PLANTY-OF-BURGER „SUNNY-CLUT“ ist aufgrund seiner hochwertigen pflanzlichen Proteine besonders saftig im Biss und zu 100% allergenfrei. Perfekt gewürzt und zusammen mit Kokosfett und Roter Beete wird er zum geschmacklichen und optischen Genuss. Das Zischen des „Fleisches“ beim Anbraten und das „Blut“, das austritt, wenn der Burger gar wird. Einmalig!

PLANTY-OF-BURGER | Plant-Based Burger

Our PLANTY-OF-BURGER is a lot of burger, but 100% of it is of vegetable origin! It tastes just like a good burger should taste, and it looks like a perfectly grilled burger should look! The bite of the premium PLANTY-OF-BURGER „SUNNY-CLUT“ product is particularly juicy thanks to its high-quality vegetable proteins. It is also 100% allergen-free. Perfectly seasoned and combined with coconut fat and beetroot, each burger is an absolute taste and visual delight. The hissing of the „meat“ while frying and the „blood“ that comes out when it is finished makes this product outstandingly unique!

Protein Patty VEGAN, FREE OF GLUTEN, SOY, PALM OIL

Bunte Burger, the first completely vegan organic burger manufacturer in Germany, presents the patties that have been tested since 2014 in their Cologne restaurant to the public. The patty is based on beans and therefore has a very high protein content. The patty is organic, vegan, free of soy, gluten, palm oil, industrial sugar, lactose and is GMO- and yeast-free. In addition, the patty is halal. No meat is imitated in taste, because the aim was to make a delicious, healthy, and rich patty that simply tastes good due to the unique composition of the organic ingredients.

CHAMPIGNON SCHNITZEL

FiftyFifty

Unter dem Namen FiftyFifty bringt Diviande / Jan Zandbergen ein innovatives Produktsortiment aus 50% Fleisch und 50% Gemüse auf den Markt. FiftyFifty eignet sich für Verbraucher, die ein ausgewogenes Verhältnis zwischen gesunder Ernährung und Nachhaltigkeit suchen. Das Hybridsortiment von FiftyFifty ist eine echte Bereicherung. Innerhalb der bestehenden Produktpalette. Es schließt die Lücke zwischen Fleisch einerseits und vegetarischen Produkten andererseits. FiftyFifty bietet dem Verbraucher das Beste aus 2 Welten: weniger Fleisch, ohne dabei dessen gesunde Eigenschaften und den köstlichen Geschmack aus den Augen zu verlieren.

FiftyFifty

Under the name FiftyFifty, Diviande / Jan Zandbergen are launching an innovative range of products made of 50% meat and 50% vegetables. FiftyFifty suits the consumer who is looking for balance in terms of both health and sustainability. The hybrid range of FiftyFifty is a real enrichment of its existing product range. It closes the gap between meat on one hand and vegetarian products on the other. FiftyFifty offers the consumer the best of both worlds: less meat without losing sight of its healthy properties and delicious taste.

LAMB LOIN

100% Grass Fed Lamb

...en Zutaten Spinat, Kurkuma oder Rote Beete.

Essento Bio Insect Balls

Our Essento Bio Insect Balls are organic, full of healthy nutrients, and high in protein. They contain, as you have already come to expect from us, only all-natural and honest ingredients. The key ingredient in our delicacies is the organic Tenebrio (mealworm) from our breeding partner Ensectable in Endingen, Switzerland. They are available in three different seasonal versions: Spinach, Beetroot, and Curcuma. All three are based on our organic Swiss Tenebrio and contain all-natural ingredients like chickpeas, bulgur, onions, and a central ingredient: spinach, beetroot, or turmeric.

Além do Suco

STANDARD PORTFOLIO

FROZEN CONCENTRATE ORANGE JUICE - FCOJ

Concentrated orange juice without any preservatives
100% natural and not fermented
Consumed as reconstituted 100% juice, nectars, and drinks
Vegan

NOT FROM CONCENTRATE ORANGE JUICE - NFC

Pure orange juice
100% natural
Prepared with selected oranges
Just like fresh-squeezed juice
Ready to drink
Vegan

CITRUS TERPENE - D'LIMONENE

Fine oil, colorless, with mild citrus aroma
Obtained by distillation of the press liquor from the orange peel and remains
Used as a solvent in cleaning products and by the chemical industry

FROZEN ORANGE PULP ORANGE CELLS

Orange cells
100% natural
Used to increase natural juice profile and mouthfeel

ESSENTIAL OIL

Citrus essential cold-pressed oil
Obtained from orange peel during the juice extraction process
Used in the flavor and fragrance industry

CITRUS PULP PELLETS - CPP

Dried and pressed orange biomass (peel, seeds, rags, and pulp)
Usually used for animal feed
High nutritional value and rich in fiber

CUSTOMIZED PORTFOLIO

LOW ACID ORANGE JUICE

NFC ou FCOJ with a lower acid level
Mild and smooth juice
For a sensitive and refined taste

SPECIAL VARIETY: MOMBUCA

Great mild taste
Healthy appeal: with Lycopene and Beta Carotene
A true innovation in the market

FCOJ OR NFC WITH ADDED CELLS

Orange juice with bits and pieces
Just liked freshly squeezed the juice

CLEAR ORANGE JUICE

FCOJ with no bottom pulp
For clear high-end products
Used for energy drinks, cocktails, and other clear beverages

BEYOND JUICE

ORANGE SMOOTHIE

Juice with a higher amount of natural Orange fibers
100% natural
Healthy with functional benefits
Unique mouthfeel, taste, and freshness
Vegan

ORANGE PUREE

Natural puree, source of orange fibers
Multipurpose ingredient for the food and beverages industry
Great nutritional appeal
The new market for food and beverage industries
Smooth, creamy and tasty

FIBER PUREE

Natural puree with a high amount of Orange fibers
Many possible applications
Great nutritional appeal
Smooth and neutral taste (no orange aroma or flavor)
Low-calorie multipurpose ingredients for the food and beverages industry

ORANGE EMULSION

Natural aroma 100% from the Orange
Orange flavor enhancer
100% natural
Ideal for boosting freshness in 100% juices Recon or NFC), nectars and drinks

DRY FIBER

Dried natural orange fiber
Many possible applications
Great nutritional appeal
Healthy and natural trends
High water binding capacity

BIO BOTTLE

BOTTIGLIA BIODEGRADABILE E COMPOSTABILE.
Bio Bottle è la rivoluzione naturale nel mondo del packaging. Bio Bottle è l'UNICA bottiglia: di origine vegetale, senza neanche una goccia di petrolio, che butti nell'organico, si trasforma naturalmente in compost e torna alla natura in 80 giorni*. 4 FORMATI: 0,5 L - 0,75 L - 1 L - 1,5 L.

BIODEGRADABLE AND COMPOSTABLE BOTTLE.
Bio Bottle is a "natural" revolution in the world of packaging that is extremely worthwhile: an eco-friendly pack derived from vegetal elements, made without using a single drop of petroleum. Bio Bottle is eco-friendly from beginning to end: you can throw it in the organic waste bin and just in 80 days* it naturally returns to being part of nature. 4 SIZES: 0.5 L - 0.75 L - 1 L - 1.5 L.

* negli appositi siti di compostaggio industriale
* in dedicated industrial composting sites

BIODEGRADABLE STRAWS MADE FROM 100% NATURAL INGREDIENTS

100% BIODEGRADABLE DRINKING STRAWS

THE SOLUTION

Eco-friendly rice straws that are cheaper, last longer and leave no waste for future generation.

- QUALITY**
 - Eco-friendly & edible
 - Lasts for 4-10 hours in cold drink
 - Lasts for 2-3 hours in hot drink
- AFFORDABLE**
 - Significantly lower ASP versus other eco-friendly straws in the market
- SOCIAL RESPONSIBILITY**
 - Growing awareness on plastic waste pollution
 - More restriction and ban on disposable plastic straws
- RECYCLABLE**
 - Suitable as animal feed or fertilizer
- ENVIRONMENTAL**
 - Decomposes completely in 90 days

NLYTECH NLYTECH BIOTECH SDN BHD www.ricestraws.net

THE PROBLEM & THE COMPARISON

THE PROBLEM	THE COMPARISON
50 YEARS Plastic bags may take 50-100 years to decompose	RICE STRAWS™ • Eco-friendly & edible • Lasts for 4-10 hours in cold drink • Lasts for 2-3 hours in hot drink
250 YEARS Paper cups take 250 years to decompose	PAPER STRAWS • Single use only • Made from paper which is not biodegradable • Shows fast long in water due to glue
400 YEARS Plastic beverage bottles take 400 years to decompose	PLASTIC STRAWS • Single use only • Not biodegradable • Shows fast long in water due to glue
500 YEARS Plastic bottles take 500 years to decompose	METAL STRAWS • Single use only • Not biodegradable • Shows fast long in water due to glue
800 YEARS Plastic bottles take 800 years to decompose	BAMBOO STRAWS • Single use only • Not biodegradable • Shows fast long in water due to glue

NLYTECH NLYTECH BIOTECH SDN BHD www.ricestraws.net

THE PROBLEM & THE COMPARISON

THE PROBLEM

50 YEARS
Plastic bags may take anywhere from 50-1000 years to decompose.

250 YEARS
Aluminium cans take 80-250 years to decompose.

450 YEARS
Plastic beverage holders take 450 years to decompose.

500 YEARS
Plastic bottles take about 500 years to decompose.

600 YEARS
Mono fishing lines (Plastic Material) take about 600 years to decompose.

THE COMPARISON

RICESTRAWS™
• 100% natural & economical
• Edible
• Decomposes completely in 90 days

PAPER STRAWS
• Design flexibility
• Tastes like paper when drinking
• Doesn't last long in water and soda

PLASTIC STRAWS
• Cheap
• Environmental toxic
• Takes 500 years to decompose

METAL STRAWS
• Expensive
• Not easy to carry and clean
• Hygiene concern
• Long-term use
• More detergent required to wash the straws creates more environmental issues

BAMBOO STRAWS
• Hard to wash and dry
• Not easy to carry
• Hygiene concerns
• More detergent required to wash the straws creates more environmental issues

THE SOLUTION

Eco-friendly rice straws that are cheaper, last longer and leave no waste for future generation.

- No preservatives
- Gluten free

f natchup @ natchup_usa

An alternative ready to become your first choice.

Full of flavor and health, Natchup is your new option to replace industrialized sauces, especially ketchup. Developed by the Federal University of Ceará through years of research, it is a totally natural alternative, free of chemical additives and with rich nutritional value for those looking for a healthier diet.

Its flavor, still new on the market, harmonizes with the most varied dishes, from appetizers to natural meals or with lower caloric loads. Natchup has international recognition and its success is thanks to the brilliant combination of acerola, pumpkin, beetroot and spices that enrich its flavor and nutritional values.

Check out the difference in just one tablespoon of Natchup compared to the traditional Ketchup:

NATCHUP	KETCHUP
Calories..... 8 cal	Calories..... 20 cal
Carbohydrates... 2g	Carbohydrates... 5,4g
Sodium..... 86mg	Sodium..... 237mg
Vitamin A..... 9,9 mcg	Vitamin A..... 10 mcg
Vitamin C..... 67 mg	Vitamin C..... 1,5 mg

A product that, besides providing several possibilities, makes the difference in your table and in your health.
