

FONTES DE DADOS PARA O TRABALHO

A proposta do nosso trabalho é, a partir da definição de um tema específico referente a um país escolhido, buscar dados que descrevam, ilustrem, comprovem o que se pretende estudar.

A lista abaixo traz um bom número de sites onde se podem encontrar muitas informações sobre aspectos sociais, políticos, institucionais e econômicos.

Não deixem de verificar as bases de dados de organizações internacionais, como o FMI e o Banco Mundial e o sistema das Nações Unidas.
