

**UNIVERSITY OF SÃO PAULO**  
**PHYSICAL EDUCATION SCHOOL AND SPORTS OF RIBEIRÃO PRETO**

**EFR 5024 – Let's talk about your research project with international researchers**

**How to prepare your presentation during classes?**

**First presentation:**

**Research project abstract presentation**

Time: 8 to 10 minutes

Resources: PowerPoint + use learning from our classes to prepare your slides

Introduction: make clear (Problem, objective and hypothesis)

Methods: give information as much as possible

Results: are welcome (if you have)

\*There won't be questions, only suggestions (André)

**Second presentation:**

**Student presentation (discussion with international researcher)**

Time: 18 to 20 minutes

Resources: PowerPoint + use learning from our classes to prepare your slides

Introduction: make clear (Problem, justification and objective)

Methods: give information as much as possible

Results: are welcome (if you have)

Conclusion: or results that you are expecting for

\*There will be a discussion with an international researcher

**Third presentation:**

**Simulation of abstract presentation at international events**

Time: 8 to 10 minutes

Resources: PowerPoint + use learning from our classes to prepare your slides

Introduction: make clear (Problem and objective)

Methods: give information as much as possible

Results: are welcome (if you have)

Conclusion: are welcome (if you have)

\*There will be questions from students (from our class) selected by André

**Important:** Please, if you have questions send me an email: [andreps@alumni.usp.br](mailto:andreps@alumni.usp.br)

**You are very welcome 😊!**
