PubMed – Recursos Gerais

1. Procure trabalhos sobre mortalidade por violência em adolescentes no Brasil (use o truncamento para a palavra “adolescentes”)

mortality violence brazil (adolesc* OR teenager*)

The screenshot shows the PubMed search results for the query "mortality violence brazil (adolesc* OR teenager*)". The search bar at the top contains the query. The results are displayed in a list format, showing the first three results. The first result is a review article titled "Comparative study of trauma in the elderly and non-elderly patients in a University Hospital in Curitiba" by Broska CA Jr, de Folchini AB, de Ruediger RR, published in Rev Col Bras Cir. The second result is a review article titled "Profile of victims and treatment of injuries by external causes according to attendance by the Municipal Rehabilitation Center of Uberlândia, MG - external causes and physiotherapy" by Lemos CA, Jorge MT, Ribeiro LA, published in Rev Bras Epidemiol. The third result is a review article titled "Deaths from external causes in Cuiabá, 0 a 24 years: Profile of victims and families according to intentionality" by Martins CB, Jorge MH, published in Rev Bras Epidemiol. The results are sorted by Recently Added, and the display settings are set to Summary, 20 per page. The search results are displayed in a list format, showing the first three results. The first result is a review article titled "Comparative study of trauma in the elderly and non-elderly patients in a University Hospital in Curitiba" by Broska CA Jr, de Folchini AB, de Ruediger RR, published in Rev Col Bras Cir. 2. Procure trabalhos sobre vacinas para malária, limitando estas palavras ao campo do título

vaccin*[TI] malaria[TI]

The screenshot shows the PubMed search results for the query "vaccin*[TI] malaria[TI]". The search bar at the top contains the query. The results are displayed in a list format, showing the first three results. The first result is a review article titled "Evaluation of the Efficacy of ChAd63-MVA Vectors Expressing CS & ME-TRAP Against Controlled Human Malaria Infection in Malaria Naïve Individuals" by Hodgson SH, Ewer KJ, Bliss CM, Edwards NJ, Rampling T, Anagnostou NA, de Barra E, Havelock T, Bowyer G, Poulton ID, de Cassan S, Illingworth JJ, Douglas AD, Mange PB, Collins KA, Roberts R, Gerry S, Berrie E, Moyle S, Colloca S, Cortese R, Sinden RE, Gilbert SC, Bejon P, Lawrie AM, Nicosia A, Faust SN, Hill AV, published in J Infect Dis. The second result is a review article titled "Optimization of a multi-stage, multi-subunit malaria vaccine candidate for the production in Pichia pastoris by the identification and removal of protease cleavage sites" by Spiegel H, Schinkel H, Kastilan R, Dahm P, Boes A, Scheuermayer M, Chudobová I, Maskus D, Fendel R, Schillberg S, Reimann A, Fischer R, published in Biotechnol Bioeng. The third result is a review article titled "Factors Likely to Affect Community Acceptance of a Malaria Vaccine in Two Districts of Ghana: A Qualitative Study" by Meñaca A, Tagbor H, Adjei R, Bart-Plange C, Collymore Y, Ba-Nguz A, Mertes K, Bingham A, published in PLoS One. The results are sorted by Recently Added, and the display settings are set to Summary, 20 per page. The search results are displayed in a list format, showing the first three results. The first result is a review article titled "Evaluation of the Efficacy of ChAd63-MVA Vectors Expressing CS & ME-TRAP Against Controlled Human Malaria Infection in Malaria Naïve Individuals" by Hodgson SH, Ewer KJ, Bliss CM, Edwards NJ, Rampling T, Anagnostou NA, de Barra E, Havelock T, Bowyer G, Poulton ID, de Cassan S, Illingworth JJ, Douglas AD, Mange PB, Collins KA, Roberts R, Gerry S, Berrie E, Moyle S, Colloca S, Cortese R, Sinden RE, Gilbert SC, Bejon P, Lawrie AM, Nicosia A, Faust SN, Hill AV, published in J Infect Dis. European Union
The collective designation of three organizations with common membership: the European Economic Community (Common Market), the European Coal and Steel Community, and the European Atomic Energy Community (Euratom). It was known as the European Community until 1994. It is primarily an economic union with the principal objectives of free movement of goods, capital, and labor. Professional services, social, medical and paramedical, are subsumed under labor. The constituent countries are Austria, Belgium, Denmark, Finland, France, Germany, Greece, Ireland, Italy, Luxembourg, Netherlands, Portugal, Spain, Sweden, and the United Kingdom. 6. Efeitos adversos e mortalidade causada pela terapia de reposição hormonal em mulheres. Busque apenas no descritor primário

(hormone replacement therapy/adverse effects[MAJR] OR hormone replacement therapy/mortality[MAJR])

Filters activated: Female

The screenshot shows the MeSH (Medical Subject Headings) interface. The main heading is "Hormone Replacement Therapy". Below it, the description reads: "Therapeutic use of hormones to alleviate the effects of hormone deficiency. Year introduced: 1999".

Under "PubMed search builder options", there are three columns of checkboxes:

- ☒ adverse effects
- ☐ classification
- ☐ contraindications
- ☐ economics
- ☐ epidemiology
- ☐ ethics
- ☐ history

- ☐ instrumentation
- ☐ methods
- ☒ mortality
- ☐ nursing
- ☐ organization and administration
- ☐ pharmacology
- ☐ psychology

- ☐ standards
- ☐ statistics and numerical data
- ☐ therapeutic use
- ☐ therapy
- ☐ trends
- ☐ utilization
- ☐ veterinary

Below these options, there are checkboxes for "Restrict to MeSH Major Topic" (checked) and "Do not include MeSH terms found" (unchecked). The "Tree Number(s)" is E02.319.452. The "Entry Terms" are listed as:

- Therapy, Hormone Replacement
- Hormone Replacement Therapies
- Replacement Therapies, Hormone
- Therapies, Hormone Replacement
- Replacement Therapy, Hormone

At the bottom, the "Previous Indexing" is "Child, Preschool".

On the right side, the "PubMed Search Builder" shows the query: ("Hormone Replacement Therapy/adverse effects" [MAJR] OR "Hormone Replacement Therapy/mortality" [MAJR]). Below this, there is a "Search PubMed" button. The "Related information" section includes links to PubMed, PubMed - Major Topic, Clinical Queries, and NLM MeSH Browser. The "Recent Activity" section shows a list of recent searches, including "Hormone Replacement Therapy" and "hormone replacement (2)".

A red box highlights the "Search PubMed" button and the "adverse effects" and "mortality" checkboxes, with the text: "Após clicar em Search PubMed, ativar o filtro SEX (Female)".
