

**BMI 5904 - 2025 1 sem 1st WEEK 10-14/02**

10/02 - 2.00 pm - Part 1: Recognition in immunity: PTI, DTI, ETI and more...

Part 2: Innate immune receptors: PRMs

11/02 - 2.00 pm - Cytosolic receptors - pro-inflammatory pathways

12/02 - 2.00 pm - Cytosolic receptors - IFN pathways

13/02 - 2.00 pm - TLRs, CLRs and Scavenger receptors Student presentations (Please see the list of topics in the attached file)

14/02 - 2.00 pm - Phagocytosis receptors (efferocytosis) Student presentations (Please see the list of topics in the attached file)

**BMI 5904 - 2025 1 sem 2nd WEEK 17-21/02**

17/02 - 2.00 pm - Where innate immune receptors are expressed?

18/02 - 2.00 pm - NK cell Receptors

19/02 - 2.00 pm - MHC & TCR classicos e non classicos

20/02 - 2.00 pm - BRC/IgG

21/02 - 2.00 pm- Final test
