

## Roteiro da Aula teórico-prática 4

### Ossos dos Membros inferiores

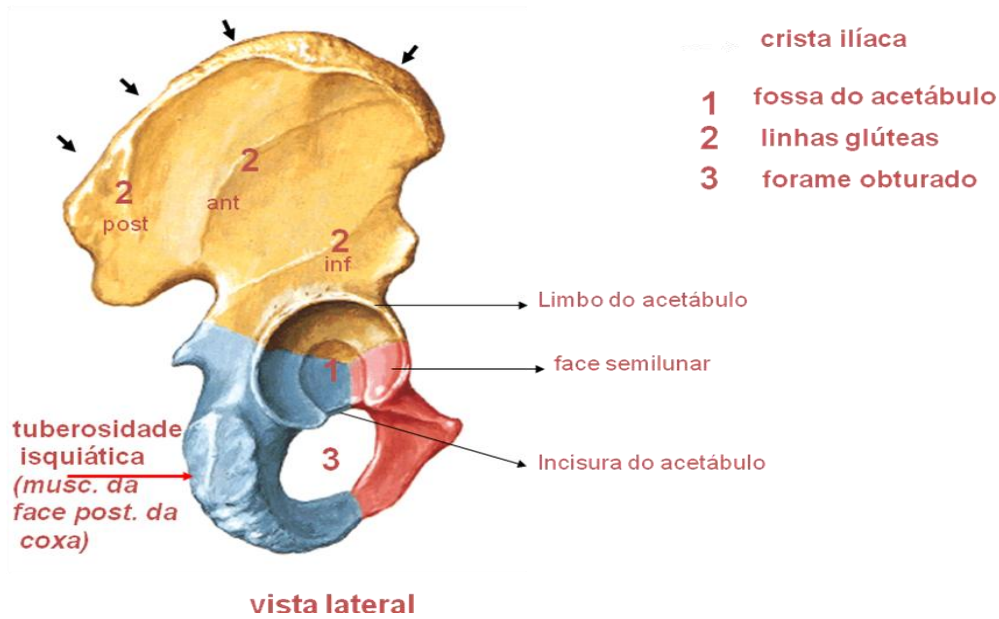

1)- Quais ossos compõem o membro inferior?

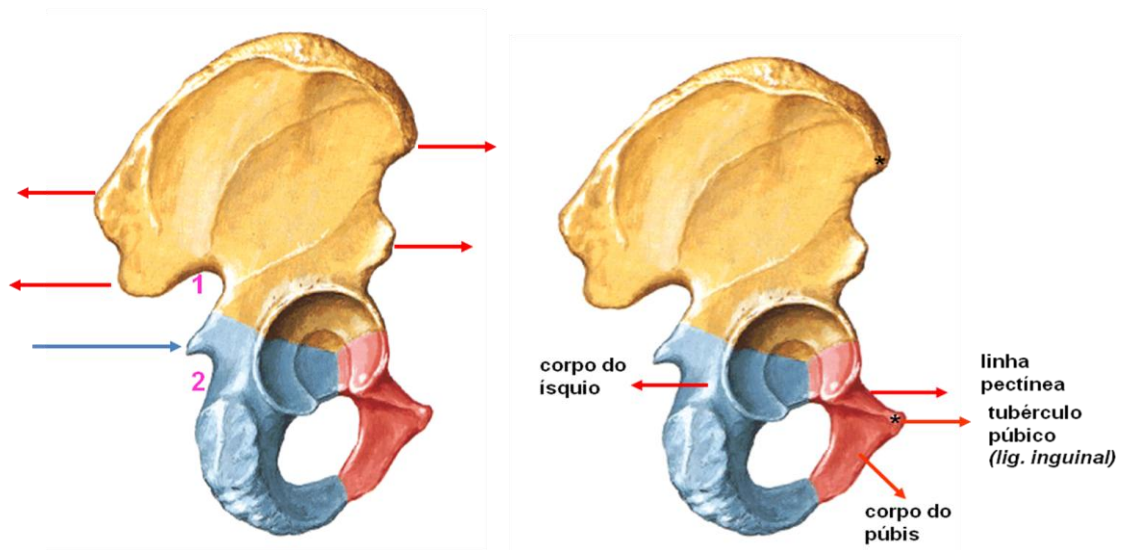

2)- Pelve:

### 3)- Osso do quadril:

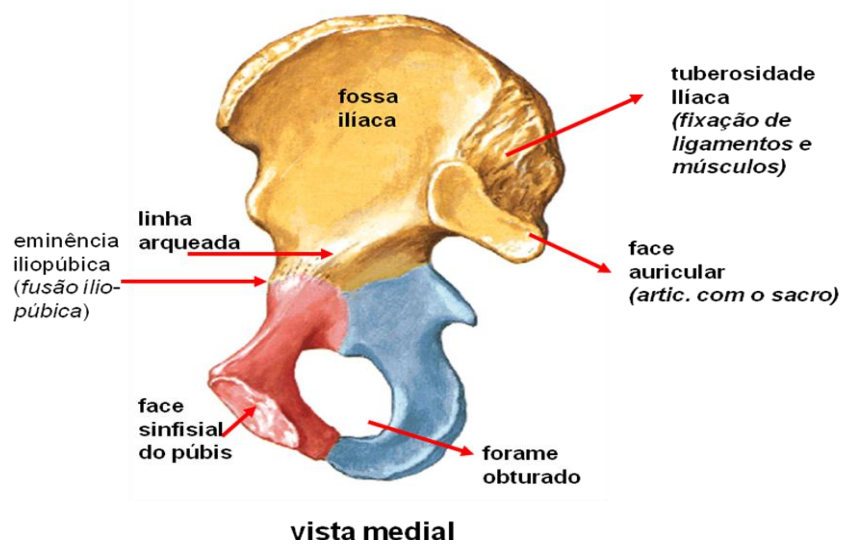

### 4)- Complete:

**Vista lateral**

## 5)- Osso do quadril:

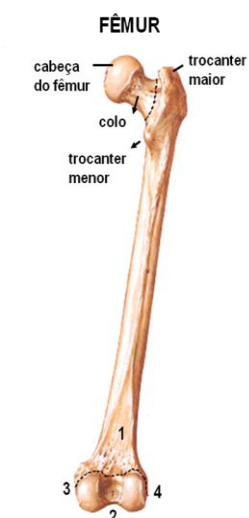

## 6)- Fêmur:

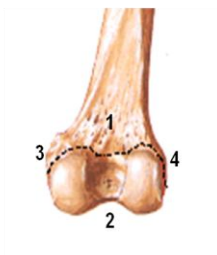

- 1 – côndilo lateral
- 2 - côndilo medial
- 3 - face patelar

vista anterior

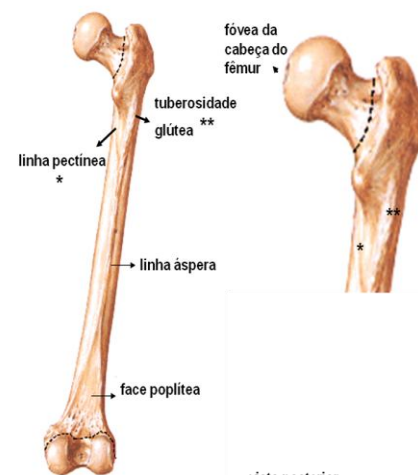

- 1 – face poplíteia
- 2 – fossa intercondilar
- 3 – epicôndilo medial
- 4 – epicôndilo lateral

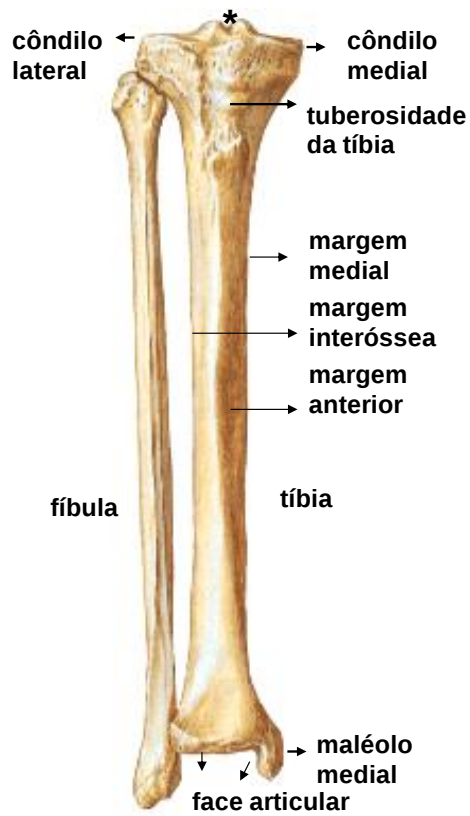

vista posterior

## FÊMUR

vista posterior

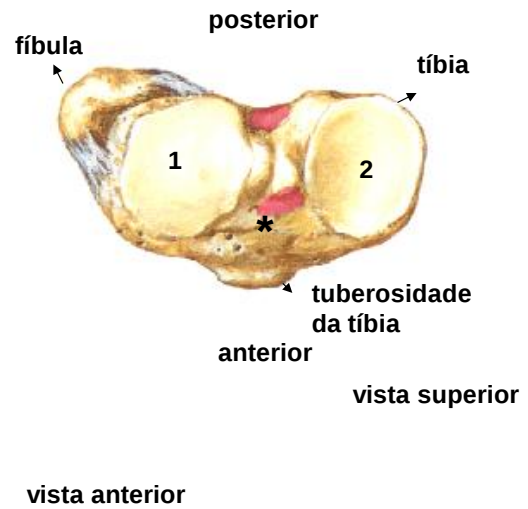

## 7)- Tíbia e Fíbula

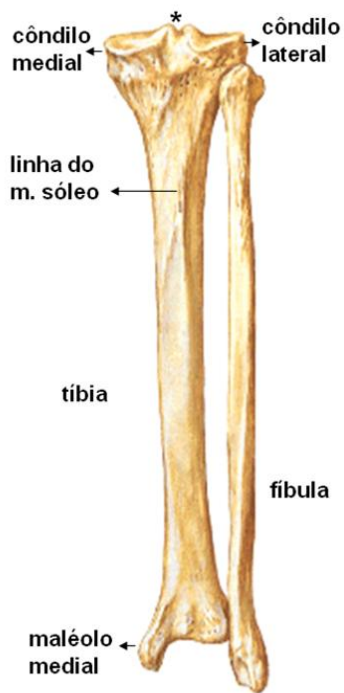

### \* área intercondilar anterior

1- face articular do cômulo lateral

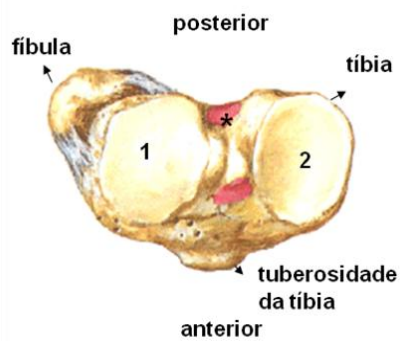

2- face articular do cômulo medial

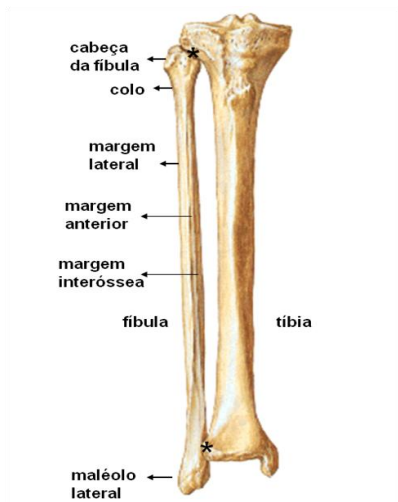

vista anterior

### \* área intercondilar posterior

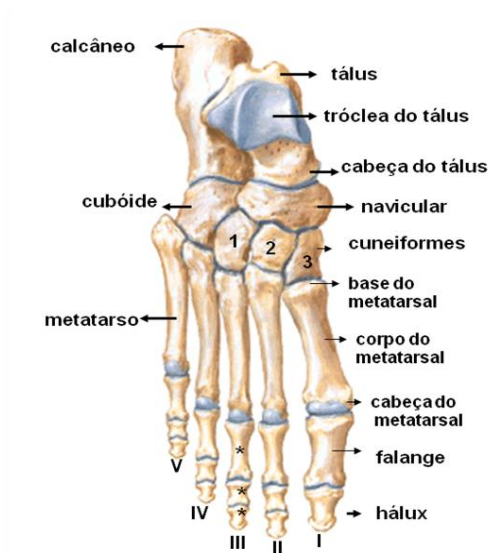

vista posterior

- \* face articular proximal
- \* face articular distal

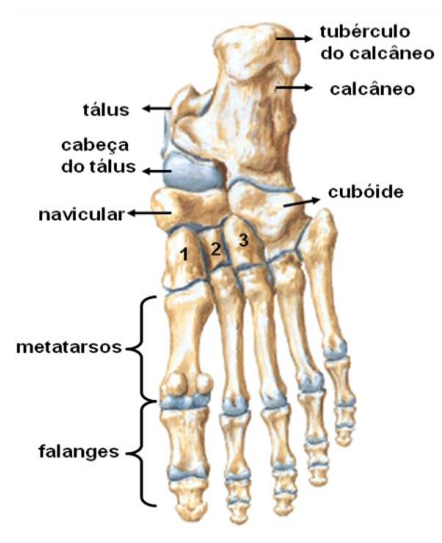

vista anterior

## 8)- Ossos do Pé

- 1- cuneiforme lateral
- 2- cuneiforme intermédio
- 3- cuneiforme medial

vista superior / dorsal

vista plantar
