A **Colmeia** é um Jogo onde várias Abelhas, terão que percorrer o Tabuleiro em busca de Flores, a fim de obter Néctares, e levar estes Néctares para a suas Colmeias. As Abelhas terão que utilizar os Pontos Cardeais para realizarem seus movimentos. Terão também que tomar cuidado com uma Aranha que adora pegar os Néctares que as Abelhas estão transportando. Sempre que as Abelhas entregarem Néctares em suas Colmeias, imediatamente receberão Mel. Vence o Jogador que tiver a maior quantidade de Mel no final da partida.

“A Colmeia” surgiu da ideia de se fazer um Jogo onde estejam envolvidos aspectos ecológicos, bem como trazer para a mesa, a importância das Abelhas, e seu papel de Polinização. Ultimamente, temos visto vários relatos de extinção em massa de milhares de Abelhas, causada principalmente pelo uso de Agrotóxicos e seu uso descontrolado. As Abelhas possuem um papel fundamental na germinação de novas espécies de Cultivos e Plantas, já que são responsáveis por grande parte da Polinização. Colocar no jogo estes Insetos e mostrar sua importância, faz parte de uma Educação mais eficaz, já que o conhecimento poderá ser transmitido de forma lúdica.

“A Colmeia”, por se tratar de um Jogo, tenta mostrar um pouco da vida destes Insetos de forma divertida, e com isso, plantar nas mentes de nossas futuras gerações, principalmente crianças, a importância de uma convivência sustentável e harmoniosa com a Natureza.

Esperamos que possam desfrutar do Jogo!

Este Jogo esta disponível gratuitamente a todos os interessados, e buscamos fazer algo lúdico e também informativo.

Queremos agradecer à todos que de uma forma ou de outra, colaboraram para que este Projeto pudesse ser realizado. Agradecemos principalmente ao pessoal da Ecobrinquedoteca do Parque - Campinas SP, por incentivar e testar o Jogo.

Este Jogo está aberto às críticas! Criar um Jogo e fazê-lo funcionar não é uma tarefa fácil e erros poderão aparecer durante as partidas. Agradecemos toda crítica e sugestão para que ajustes sejam efetuados e erros corrigidos.
