Dear Abdo,

I am sorry I cannot come to your monopole conference,

It would be too much of a dislocation for me at such short notice

It was very kind of you to invite me.

I am inclined now to believe that monopoles do not exist.

So many years have gone by without any encouragement from the experimental side

It will be interesting to see if your conference can produce any new angles of attack
on the problem

With best wishes,

Yours sincerely
